

512/712 Carpet

The perfect solution for carpet cleaning

The 512 and 712 Carpet offer an innovative alternative to all traditional carpet cleaning systems in terms of performance and productivity. The standard battery powered unit can be easily converted into a highly professional large surface carpet cleaning machine.

Note: calculation based on the average machine price, labour cost and surface of 300 sqm that has to be cleaned 5 day a week.

512/712 Carpet

Carpet Cleaning Comparative Chart

Model	Price [?]	Waste Capacity	Cleaning Width [mm]	Cleaning Productivity	Noise Level [dB]	Power Supply	Maintenance Costs	Cleaning Cost per Sqmt (3 years)
	\$	4	300 - 400	200 Sqmt	65dB	Mains 220V	Medium	
	\$	35	510	1800 Sqmt	55dB	Battery	Low	
	\$	45	600	2700 Sqmt	55dB	Battery	Low	
	\$	50	500	3500 Sqmt	65dB	Battery	Low	

Great sweeping performance on Carpet Flooring

With a large diameter brush having 20,000 bristles per brush formed in a special "V" shape, efficient removal and collection of dust and debris is achieved. Rotating at high rpm, the brush beats the dust out of the carpet ensuring excellent cleaning and maintenance of all carpeted surfaces.

With bristles of differing thickness, a variety of dust and debris is collected in the waste bin. For sand and earth, harder thicker bristles ensure that this type of soiling is collected, whilst soft thinner bristles achieve effective removal and collection of light dust and soiling.

Dust micro filtration

Pre-filter utilised to capture carpet fibre when used for carpet cleaning.

Larger wheels and higher Ah traction motor with non marking wheel
